Google Dorking OSINT Report

Prepared by: Muhammed Irfan Afzal

Date: August 4, 2025

Objective

To demonstrate the use of Google dorks for Open-Source Intelligence (OSINT) by identifying and analyzing publicly accessible PDF files and other online assets related to academic, governmental, and industry-related content.

☆ Google Dork Commands Used

Command	Purpose
filetype:pdf site:.edu "machine learning basics"	Locate educational PDFs hosted by universities
<pre>filetype:pdf site:researchgate.net "cybersecurity report"</pre>	Find research papers from ResearchGate
filetype:pdf site:.gov "budget 2023"	Access government financial reports
<pre>filetype:pdf site:.gov.in "environmental impact report"</pre>	Search for Indian government documents
filetype:pdf site:.org "market analysis 2024"	Locate NGO or institutional market reports
<pre>filetype:pdf "sales strategy" intitle:"report"</pre>	Find marketing strategy reports indexed in web pages

I didn't able to find any critical information about any website but i was able to explore more with these commands
